Profile

Undergraduate computer science student with experience developing full-stack applications, specializing in backend development. Looking for a position where I can expand my knowledge of software development and gain experience by working alongside skilled professionals on challenging projects.

Education

Bachelor of Computer Application / 2022 – 2025

Currently pursuing degree, graduating June 2025

Amity University Mumbai

CGPA: 9.42 / 10

Coursework includes practical subjects such as Python, Java, C++, Introduction to DevOps, alongside theoretical subjects like data structures and algorithms, design and analysis of algorithms, and machine learning

Experience

Videoschool Media

Software Developer Intern / Jun 2024 – Jul 2024

- Led the development of an internal web application in the form of a content management system
- Utilized Python in the backend to interact with MySQL and the YouTube Analytics API.
- Employed Python Flask, Jinja templates, and the Bootstrap framework to create a smooth and modern frontend

Skills

Linux, Apache, MySQL, Python, Git, C++, Java, Flask, Bootstrap, JavaScript, Node.js, Next.js, HTML/CSS, MongoDB, Shell scripting, PHP, JavaServer Pages (JSP), GCP, Microsoft Azure, Firebase, Visual Studio Code, Vim, Arduino
